

September 15, 2010 Updated Info

After the occurrences of Monday August 9, 2010 the Springville Country Club has the following information available to the general membership. If any other inquiries need to be made please have them contact me directly.

Both Mike Lauber and Garrick James have been up to the Club, they are not golfing they came to thank everyone for their concern

Dick Kosha –

Dick is currently in ECMC recovering from his injuries. His room seems to change daily. He has a trachea tube and a feeding tube still. Dick has the ability to speak in a hushed voice. Dick has made great progress in all other areas. The Family appreciates all of the outpouring of support for Dick but has requested that visiting be postponed until further notice so he may continue on with his therapy.
